ISAAC — SESSION SCORECARD

Date: _____ Court: _____ Practice / Match

Score each item **0, 1 or 2** as you go. Total out of 15. No one else fills this in — it's yours.

1. SERVE — 70% not 100%

Target: 6 or 7 out of 10 first serves in.

First serves in, out of 10	____ **/ 10**
Did I swing at ~70% (not flat out)?	**0 / 1 / 2**
Did I use spin/slice rather than pure pace?	**0 / 1 / 2**

Score: ____ / 4

2 = hit the 6-7/10 target and used spin. 1 = one of the two. 0 = went flat out and missed.

2. DEEP BALLS — high and down the middle

When I'm behind the baseline: high over the net, deep to the middle. No sharp angles from back there.

Did I aim high over the net from deep?	**0 / 1 / 2**
Did I resist sharp angles from behind the line?	**0 / 1 / 2**

Score: ____ / 4

2 = did it consistently. 1 = remembered halfway through. 0 = kept going for the hero angle.

3. RECOVERY + SPLIT-STEP

Recover to the middle of their possible return angles — not the centre mark. Split-step as they hit.

Did I recover to the right side (crosscourt → same side, DTL → opposite)?	**0 / 1 / 2**
Did I split-step as they made contact?	**0 / 1 / 2**

Score: ____ / 4

2 = both, most points. 1 = one of them. 0 = stood still / ran through contact.

4. TARGETS — 1 metre inside the lines

Not the lines. A metre in.

Did I aim at a real target zone, not the paint?	**0 / 1 / 2**

Score: ____ / 2

2 = aimed inside every time. 1 = sometimes. 0 = went for the lines.

5. PATIENCE — crosscourt until the short ball

Rally crosscourt and deep. Only go down the line when the ball is short and I've stepped in.

Did I stay crosscourt while rallying from deep?	**0 / 1 / 2**

Score: ____ / 2

2 = waited for the short ball. 1 = went early once or twice. 0 = went DTL from behind the baseline.

Scoring guide

- **12-15** — Sharp session. This is match-ready tennis.
- **8-11** — Solid. One or two habits slipped.
- **4-7** — The old habits won today. Pick ONE item for next time.
- **0-3** — Rough one. Don't fix everything — just pick the serve.

> **The rule:** Don't chase all five at once. Circle the lowest-scoring item. That's the only thing you think about next session. Everything else is allowed to be average.
